## Credition High Street (A377) Road Closure Information

From 25<sup>th</sup> January 2016, South West Water will be carrying out essential repairs to the main sewer system in Credition resulting in part of Credition High Street (A377) being closed for four weeks.

### **THERE WILL BE ACCESS TO THE HIGH STREET FOR DELIVERIES & SHOPPERS!**

The section that will be **closed to all through traffic** will be on the High Street, at the top of Market Street. There will be works happening at other locations between the East Street/Charlotte Street junction to Western Road/St Lawrence Green junction, however South West Water have confirmed that access to the High Street will be maintained for vehicles and pedestrians.

Please see below to gain a better understanding of how these works will affect you.

#### **Business**

There will be additional signage advising the public that all businesses are open as usual.

Deliveries will still be able to access the High Street, however, they will not be able to drive through the High Street as their access will be blocked at the junction of Market Street, due to the works being undertaken. South West Water has confirmed that if you are experiencing any difficulties in receiving your deliveries, need help with any loading/unloading of deliveries, or if delivery drivers require assistance in turning round/reversing please ask South West Water staff for help.

It would be beneficial for you to contact your suppliers and advise them that the High Street is accessible for deliveries and you may wish to advise your suppliers of the best route to take when delivering.

If after the closure you have lost profit (not turnover) then you can make a claim for compensation to South West Water. Please either [click here](#) for further information or go to [http://www.southwestwater.co.uk/index.cfm?articleid=11669&searchkey=compensation claim form](http://www.southwestwater.co.uk/index.cfm?articleid=11669&searchkey=compensation%20claim%20form)

#### **Commuter travelling through Credition**

You will not be able to travel through Credition High Street and so will need to follow the diversion signs, which includes a one way system.

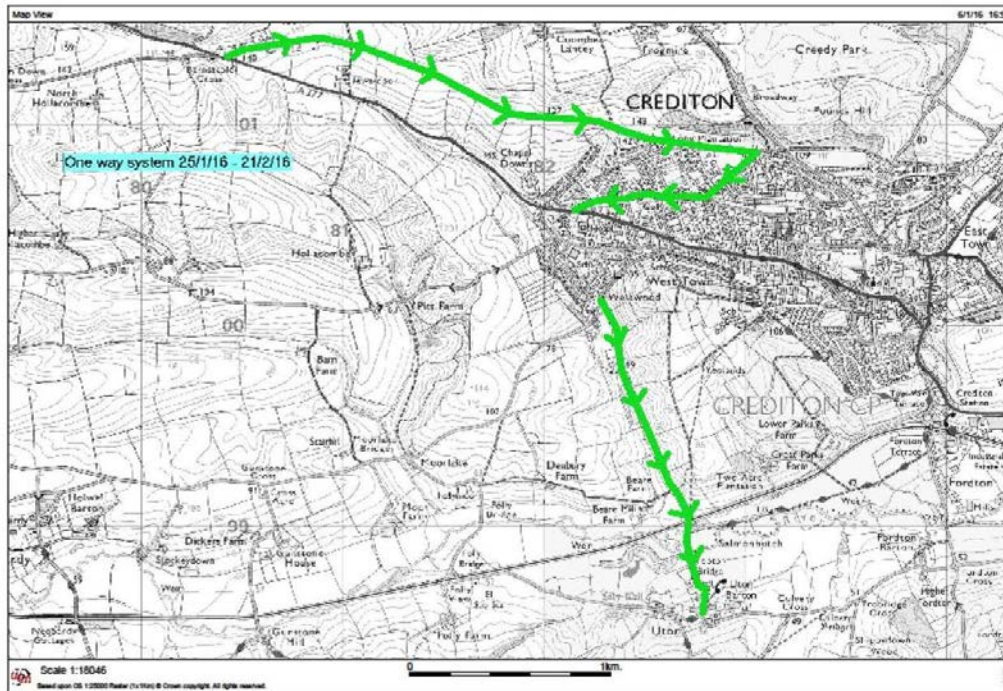

Approaching from Copplestone direction heading to Exeter you will need to take a left at Barnstaple Cross and use Higher Road, Jockey Hill, Blagdon and the new Link Road.

Approaching from Exeter, you will need to take a right at Tesco roundabout and take the new Link Road, Blagdon, Jockey Hill and Alexandra Road.

Please see map below.

# Credon Town Council

## Shopper/Visitor

ALL businesses are open as usual, please continue to support them whilst these works are being undertaken. The High Street will be open to full pedestrian access. If you are driving, you can still drive down to the High Street and park, however, you will not be able to drive through the High Street as your access will be blocked at the junction of Market Street, due to the works being undertaken. If you cannot find a parking space on the High Street you can park for one hour, free of charge, in St Saviours Way car park. Market Street car park will be business as usual, so don't forget to pay!

## User of Public Transport

As buses cannot travel through the High Street, there will be temporary bus stops located either end of the High Street at QE School and East Street.

### Towards Credon (Westernlea) or Coplestone

After serving Station Cross, services will divert onto East Street, and via Mill Street, Blagdon Terrace onto Jockey Hill, then onto Higher Road, and Alexandra Road to Credon Hospital. Route 5 only will continue up to the QE School traffic lights and resume normal service. Routes 5A, 5B & 5C will continue to the hospital to resume a normal line of route.

### Towards Exeter

Route 5 from Westernlea will divert onto St Martins Lane; service will stop just after the lights. Routes 5A, 5B and 5C will serve the bus stop outside QE School, then continuing on St Martins Lane, onto George Hill, Higher Road, Jockey Hill, and onto Blagdon Lane, and Mill Street to resume a normal route from Charlotte Street.

For further information regarding bus routes please contact Stagecoach on:
